

Fat Quarters:

I thought it might be exciting to give you the whole year at once. This way when you are traveling around you can see if there are fabrics out there that are interesting for your sharing with others.

September: Fall colors for a fall quilt project

October: Black and/or Orange

November: Fabrics with leaves/trees/nuts and all those things fall in

December: Snowman/woman or Santa or Angel or Snowflake fabrics

January: No fat quarters

February: No fat quarters

March: Spring fabrics

April: Flower fabrics

May: Red/white or blue fabrics, Star fabrics, Patriotic fabrics

CLUB UFO: Our second successful year of CLUB UFO's is behind us and we are offering it again for the 2017-2018 year. How many of you have unfinished quilting projects? They may be various sizes and "someday" you want to finish them? Why not commit to finishing 4 of them this year as your UFO's.

Cost is \$15.00 to join. Every time you finish a UFO you receive \$2.00 back and when you have four finished you get \$5.00. The other \$2.00 will be used for a gift(s) to be drawn in June. Your name will go into the UFO drawing when you complete your 4 and you may be a prize winner.

Dates for completion are: November, December, March and May. This can be flexible as dates can be extended if this helps you get your UFO finished.

I did not participate last year but the year I did, it was wonderful. I took pictures of seven projects I wanted to finish and kept the pictures in my sewing room and on my calendar so they were constant reminders of what needed to be completed. I finished 5 of the seven.

UFO sign-up will be in October, unless you have your list and/or your pictures ready for me in September.
